

# Best in class education solutions

SMART Board® interactive displays provide exceptional value at a great price. Easier to deploy, use and support, they're your unrivaled investment in dynamic, collaborative learning.

## SMART displays with iQ: Your Teachers' Most Valuable Player

Easier to use from day one, with limitless tools for student engagement and market-leading upgradability, SMART displays with iQ maximize your product lifespan and your technology investment.

Choose from the 6000S - our performance model - and the versatile MX.

The GX series brings you interactive essentials for a great price - backed by the best innovations from SMART for your classroom.

Industry-leading interactivity	6000S series	MX series	GX series

Additional pen colors available	★ 4 color pens + magnetic holder	n/a	n/a
* Additional tools for patented Tool Explorer technology sold separately.	★ 2-color Highlighter ★ Magic Pen		

† When connected to a PC or Mac computer

## The world's ONLY interactive technology for true student collaboration

ONLY SMART displays with iQ - with industry-leading touch and ink technology - enable multiple users to intuitively write, erase, touch, and gesture at the same time, across platforms and applications, without interfering with another's tools.

That's ALL interactions - not just "pen and touch" like the other guys.
